SBA Offers Disaster Assistance To Connecticut Residents Affected By the Fire in The City Of Norwich

WASHINGTON – Connecticut residents and businesses affected by the fire in the city of Norwich April 26, 2008 can apply for low-interest disaster loans from the U.S. Small Business Administration, SBA Administrator Steve Preston announced today.

Administrator Preston took this action following a May 1 letter from Connecticut Governor M. Jodi Rell requesting a disaster declaration by the Small Business Administration. The declaration covers New London County and the adjacent counties of Hartford, Middlesex, Tolland and Windham in the State of Connecticut; and Kent and Washington counties in the State of Rhode Island.

“We look forward to working with residents of Connecticut affected by the fire to make the SBA disaster loans available to renters, homeowners and businesses to help them finance the rebuilding of their communities,” said Administrator Preston.

Frank Skaggs, Director of Disaster Field Operations Center East said, “Residents are eligible for loans up to \$40,000 to repair or replace damaged or destroyed personal property. Loans up to \$200,000 are available to homeowners to repair or replace damaged or destroyed real estate. The SBA’s Customer Service Representatives will be on hand at the Disaster Loan Outreach Center to issue loan applications, answer questions about the SBA’s disaster loan program, explain the application process and help individuals complete their application.”
